This item is in addition to any statewide pay plan recommended by the Governor. This expansion item is requested to improve employee retention and reduce costs associated with employee turnover. All employees below midpoint would receive a two percent increase, effective January 1, 2022. The strategy is intended to mitigate salary compression issues, improve employee satisfaction and morale in relation to pay, increase employee retention and reduce turnover costs.

This expansion item is requested to implement a pilot program for new employees. This program would give new hires the option of receiving a higher salary with reduced benefits, such as not participating in the defined benefit retirement plan, but receiving a contribution to their deferred compensation account. The goal of this increase is to attract new employees by providing options for increasing their take home pay. Other statutory changes would need to be made during the 2021 legislative session in order to implement this pilot program.

**Section 4.401 – Above and Beyond Performance Incentives**

Page 19

The Governor’s Fiscal Year 2022 budget includes appropriation authority for Above and Beyond performance incentives beginning January 1, 2022. The program is designed to incentivize these individuals to continue this high level of performance and others to raise their game. With the goal of retaining, those identified as top performers and the anticipation that these top performers will continue to deliver exceptional results, the request for funding will provide top performers with a temporary salary increase for the services to be performed over the next year. The amount for each department is based on performance incentives of 5% for the top 10% of employees with incentives capped at \$2,500 per employee.

This item is in addition to any statewide pay plan recommended by the Governor. This expansion item is requested to improve employee retention and reduce costs associated with employee turnover. All employees below midpoint would receive a two percent increase, effective January 1, 2022. The strategy is intended to mitigate salary compression issues, improve employee satisfaction and morale in relation to pay, increase employee retention and reduce turnover costs.

This expansion item is requested to implement a pilot program for new employees. This program would give new hires the option of receiving a higher salary with reduced benefits, such as not participating in the defined benefit retirement plan, but receiving a contribution to their deferred compensation account. The goal of this increase is to attract new employees by providing options for increasing their take home pay. Other statutory changes would need to be made during the 2021 legislative session in order to implement this pilot program.

This expansion item is requested to implement a pilot program for new employees. This program would give new hires the option of receiving a higher salary with reduced benefits, such as not participating in the defined benefit retirement plan, but receiving a contribution to their deferred compensation account. The goal of this increase is to attract new employees by providing options for increasing their take home pay. Other statutory changes would need to be made during the 2021 legislative session in order to implement this pilot program.

This expansion item is requested to implement a pilot program for new employees. This program would give new hires the option of receiving a higher salary with reduced benefits, such as not participating in the defined benefit retirement plan, but receiving a contribution to their deferred compensation account. The goal of this increase is to attract new employees by providing options for increasing their take home pay. Other statutory changes would need to be made during the 2021 legislative session in order to implement this pilot program.

This expansion item is requested to implement a pilot program for new employees. This program would give new hires the option of receiving a higher salary with reduced benefits, such as not participating in the defined benefit retirement plan, but receiving a contribution to their deferred compensation account. The goal of this increase is to attract new employees by providing options for increasing their take home pay. Other statutory changes would need to be made during the 2021 legislative session in order to implement this pilot program.

Page 481

This program provides operating assistance to 34 public transportation providers. Passenger fares cover less than 20 percent of the direct operating cost to provide transit mobility services. Actual allocation amounts will be dependent on the total number of grant applications received as well as any new qualified applicants that might enter the program for the first time in fiscal year 2019. The funding helps maintain some level of assistance to the public transportation providers in Missouri.

Together with the \$8M GR core, the dept. request would provide \$12.65M GR to support twice daily passenger rail service between St. Louis and Kansas City. The estimated GR cost for once daily service in FY 22 is \$9.85M (which would call for a \$1.85M GR NDI). The number of services per day went from 2 to 1 when ridership declined during the pandemic on 03/30/2020.

This program provides state assistance from General Revenue (GR) for passenger rail service between St. Louis and Kansas City. The Missouri River Runner ridership was approximately 156,000 in state fiscal year 2019. This request is needed to cover \$8.5 million in arrears as of the end of fiscal year 2020 plus the estimated arrears of \$1.85 million for fiscal year 2021. Missouri has not been current with payments to Amtrak since 2010. Amtrak has sent an invoice for interest on the amount in arrears. The fiscal year 2021 estimate includes COVID-19 impacts to ridership and one daily service.
